High Volume Juice Extractor – JE2000

Features:

- **Big Volume Extractor** - quickly and easily extracts large quantities of pure, healthy juice from vegetables and fruits. Ideal for high-volume bars, restaurants, and health centers. Yields more juice from the same fruit.
- **Pulp-Ejection System** - automatically separates the pulp from the juice while providing impressive yield of juice. Allows for uninterrupted use.
- **Interlock System** - for safe operation.
- **Compact Design** - fits almost anywhere, under counters or worktables.
- **Premium Construction** - rugged die cast aluminum housing and solid stainless steel juicing parts are built to last. All removable parts are dishwasher safe.
